

A black and white line drawing of three ants. The ant at the top left is facing downwards, with its head tilted to the right. The ant at the bottom left is facing upwards, with its head tilted to the right. The ant on the right is facing upwards, with its head tilted to the left. All three ants have segmented bodies with horizontal stripes on their abdomens. They have six legs each, with small spines on the tibiae. Their antennae are long and segmented. There are several small circles scattered around the ants, representing food or eggs.

This image shows a full page of white paper with horizontal dashed lines, typical of primary school handwriting practice paper. The lines are evenly spaced and run across the entire width of the page. There are no margins, text, or other markings present.
